Re: Retorted Shale Disposal Systems.

Dear Mr. Smith:

Mr. Phil Gerhart, Mr. Dave Ward and I wish to thank you for taking the time to discuss our feasibility stage plans for the retorted shale disposal systems, Paraho Module Project and Paraho Commerical Plant Project.

We located an extra copy in our files of the report "Disposal Of Retorted Oil Shale From The Paraho Oil Shale Project." This report covers the extensive laboratory and field studies which we conducted under the U.S. Bureau of Mines Contract No. J0255004 during 1974 and 1976. This report is enclosed. I believe you will find it of interest with respect to the development of our current disposal facility plans.

Yours truly,

Wesley G. Holtz
